

OPEN LETTER TO THE ILA INTERNATIONAL PRESIDENT

Dear Brother Bowers,

We are deeply concerned about the future of our union and the future of work in our industry. Given the reports of voting irregularities and intimidation in the USMX-ILA master contract ratification vote held on 6/8/04, we demand that:

- The International and Local Unions notify the employers that the ratification process is not completed.
- The International require a revote of the Master and Local agreements in every Local Union with members covered by the agreements. The revote should be monitored by a neutral third party, with members able to independently verify the results.

Respectfully,
